As one life ends, a new one begins.

MEMORIAL TREES

When you choose to have a Memorial Tree planted for your loved one, you are doing more than simply putting a plant in the ground.

You are making a long-term commitment to the environment and implanting the memories of your loved one in our planet for years to come.

The Celebrating a Life Memorial Tree Program is a unique tribute which provides global benefits like no other memorial gift could.

MEMORIAL BENCHES

As an alternative to the Memorial Tree program, the Memorial Bench program offers Bristol Community members the opportunity to purchase a bench in honor of a loved one.

Benches are placed in areas of need throughout Bristol's parks, along trails, and in the special places our loved ones visited most.

Have a memorial bench placed in your loved one's favorite park, a place full of memories, and/or in the perfect spot to visit.

MEMORIAL BENCHES

Memorial Benches feature a smooth contoured tan seat and backrest made of high grade, recycled plastic with a black aluminum frame. Memorial Bench materials are weather resistant and designed to stand the test of time.

Memorial Benches come in three different sizes and will be adorned with a commemorative plaque.

LEAVE A LEGACY

A Memorial Tree or Bench in one of Bristol's public parks is a lovely way to honor family and friends while supporting sustainability.

- Memorials establish a physical location where one can go to remember, grieve, pray, and commune in memory of a deceased loved one.
- A Memorial Tree or Bench can help heal and transform grief, offering lasting comfort, solace, joy, and connection.
- A Memorial Tree creates a living legacy and tribute to someone who has died, benefiting the earth and environment, as well as present and future generations.
- Memorial Benches convey a message of love that will remain for generations to see and visit. Memorial Benches also benefit the community and public, both young and old.
