

What's Happening on Memorial Boulevard?

In partnership with the Department of Public Works (DPW), Memorial Boulevard is included in the Fall Paving schedule.

Milling/ paving/ lining is expected to take place on Memorial Boulevard and Riverside Avenue Wednesday, August 31 to Wednesday, September 21

Memorial Boulevard will not be closed during this time and will be considered a Work Zone. One lane in each direction will remain open during paving. Please use caution in the area.

NEW - Bike Lanes

The paving project will result in new traffic patterns with the addition of a bike lane in each direction.

Stay tuned for more information regarding expected bike lane and shared roadway etiquette, specific traffic signals, and overall roadway configuration.

Drivers can expect to see new directional signals, road markings, and traffic signs. Memorial Boulevard will be a shared roadway, designed to offer a balanced and multimodal transportation system.

Benefits to the new roadway configuration include connectivity of local bike infrastructure, traffic calming, increased safety and walkability for pedestrians, and overall healthier community environment.

27% of Bristol households rank Biking Trails as one of the Most Important Facilities to them
