

Welcome to: **Crochet / Fiber Art Class! (Artisan Training Program)**

Discipline 1: The Flower

Introduction: This discipline is the starting point of the Fiber Art journey. “**The Flower**” represents the beginning; small, quick creations that build essential skills and lead toward more advanced fiber art. This program will run for **8 weeks**, once a week from 5:30-7PM.

Program Benefits: Throughout the 8 weeks program, you'll complete various projects that build your skills while resulting in beautiful, functional items you can use, gift, or display with pride. You'll learn how to work confidently with yarn, develop creativity through flower-based designs, create both decorative and functional items, and transform simple ideas into finished products.

Learning Objectives:

1. **Flowers as Accessories & Wearables: Flower** pins (brooches), flower buttons, flower jewelry, earrings, necklaces, bracelets, rings, hair clips, and hair bands.
2. **Flowers Applied to Objects: Flowers** as sewn or glued patches on T-shirts, key flower chains, flowers on pens, and flowers decorating notebooks.
3. **Flowers for Events & Decoration: Flowers** on birthday invitations, yarn flower bouquets, and flowers in decorative vases
4. **Flowers in Motion (Fun & Modern Use):** Moving/shaking flowers for car decoration; flowers hanging etc.

Learning Experience: Each student will be provided with all the necessary tools and materials, step-by-step guidance, time and attention to detail, the process continues until precision and mastery of this discipline are achieved.

Teaching Method: Lessons supported with video materials, live demonstrations in class, real-time guidance using a video projector, and step-by-step practice with patterns. Students can clearly follow every technique, understand pattern construction, and apply the methods throughout the learning process.

From Hobby to Business: This discipline helps students turn creativity into tangible products, develop a personal artistic style and take first steps toward selling handmade work. From a single flower, you can build skill, creativity, confidence and opportunities. **Crochet / Fiber Art Class** is more than a class, it's a journey where yarn becomes art, and ideas become real creations.

Crafted by Hand, Driven by Heart
