WHAT'S NEW

A Message From the Superintendent

Innovation may not always be a word people associate with their local government. However, the Bristol Parks, Recreation, Youth and Community Services (BPRYCS) team is proud to be leveraging innovative ways to transform the park system, increase transparency, and enhance community engagement. This includes a brand new interactive Parks Project Portal (PPP) where residents can stay informed on projects happening across the city as well as provide comments and feedback to help inform our decision-making. We also released the department's first ever Annual Report which provides a high level overview of our accomplishments, important connections and partnerships, and the impacts we made in the community. Most importantly we continue to utilize our Master and Strategic Plan to chart the course for our work as we make strides to accomplish the community's vision for our parks, programs, and services. I invite you to explore the PPP, our Annual Report, and all of our planning documents to learn more about how BPRYCS is working for you!

Sincerely,

Dr. Joshua T. Medeiros, Ed.D., CPRE

Superintendent Dr. Joshua Medeiros Named 2022 Outstanding Professional of the Year

Superintendent Josh Medeiros was named the 2022 Outstanding Professional of the Year by the Connecticut Recreation and Parks Association. The Outstanding Professional award is one of the state association's top awards honoring professionals that have made outstanding contributions, over a period of 10 years or more, to the recreation and parks field. Josh was selected as a result of his local accomplishments directing the Bristol Parks, Recreation, Youth and Community Services Department, as well as his work with the National Recreation and Parks Association. Medeiros' most recent achievements include leading his team to Gold Medal finalist status with the American

Academy of Parks and Recreation Professionals, fostering the development of award-winning programs like the Annual Community Conversation and oversight of major park capital projects including a city wide Parks Master Plan, Muzzy Field improvements, and the award-winning Page Park Pool renovation. During his tenure as Bristol Superintendent, Medeiros championed for change to improve health and wellness of Bristol residents through new programs, prohibition of smoking in public parks, and development of new park amenities including a 5-mile bike trail and pump track.

Superintendent Medeiros states, "It's an honor to be recognized by CRPA for my contributions to the field of recreation and parks. The role parks and park professionals play across the country is essential; parks build community, shape people's health and wellness, enhance quality of life, boost economic development, and so much more. I'm proud of the high quality BPRYCS team and the work we are doing in the City of Bristol. This award wouldn't be possible without the continued support of our professional team, commissioners, community partners and city leaders!"

Medeiros received the award at the Annual Connecticut Recreation and Parks Association Conference on Tuesday November 22, 2022.

COMMUNITY EVENTS

Swim with Mermaids and Mermen

Join us for a one-of-a-kind aquatic experience to swim with mermaids and mermen in the pool. We will offer interactive swim times as well as fun for the whole family. We will have themed face-painting/makeup, photo booth, and fun activities for the whole family. Time slots will be available on a first-come, first-serve basis. Secure your space early as they will fill up fast, you'll even be able to select if you'd prefer the shallow end or deep end!

Nominations for Youth Recognition Awards

The City of Bristol will be celebrating the 31st Annual Youth Recognition Awards in May 2023. A ceremony is held to recognize youth who have gone above and beyond for their community. The Bristol Youth Commission will be accepting nominations in February 2023. Youth and youth groups may be nominated by adults that benefited from a community service project or volunteerism of a Bristol young person. Visit www.BristolRec.com to access the nomination form!

Ice Skating

Ice skating is available on select weekends during the winter months. Once conditions are suitable, select Park ponds will be flooded, swept and maintained by the parks, facilities and grounds crew. Ice skating is weather permitting and requires sustained temperatures at or below 30 degrees. Please follow all posted signage and do not play on the ice during hazardous conditions. Please check our website and/or Facebook for winter activity schedules and weather condition updates.

Sledding

Looking for a place to spend that "snowy day"? Why not visit one of our popular sledding hills at Page Park or Nelson Field! Grab your friends and hang on to your hats! See who can race down the hill first – winner gets his or her sled carried back up the hill by the other racers! Whether you have fresh new snow or are sledding down the dips and jumps created by other sledders it's a fun way to spend the afternoon. Please note, sledding hill availability is subject to change depending on weather conditions. Sledders assume full risk and responsibility for determining safe conditions.

YOUTH & COMMUNITY SERVICES

Caring Closet

The Caring Closet offers income eligible families basic need items free-of-charge. Services are intended for community members who are experiencing difficulty meeting their daily needs. The program operates on a first-come, first-served basis. All items are supplied through community donations and may not always be in stock. The Caring Closet is currently operating by appointment only. Supply availability includes diapers, baby food, clothing, baby wash, and wipes. The Caring Closet is housed at the BPRYCS main office at 51 High St., Bristol, CT. If interested in pick-up or drop off, please contact: Aubrey Minkler, Community Services Coordinator, at (860) 314-4690 or AubreyMinkler@bristolct.gov.

Empower Hour

Empower Hour is an after school empowerment program for elementary school age children in 2nd through 5th grade. Participants will enjoy social skill building activities focused on adjusting to change, controlling impulsive behaviors and emotions, improving self-esteem, and making new friends!

Teens Empowering Others

High school students are faced with growing stress throughout their teen years. It is often hard to navigate friendships, drama, emotions, mental health, impulses, and decision making. This mental health program will allow youth to explore issues, gain helpful information, and learn problem solving and decision making strategies that will assist with balancing emotions and behavior, enabling healthy development of each member. Participants will also have the opportunity to learn from professional presenters, participate in experiential field learning, and engage in community service to further enhance their skill set. This program is for high school students only.

Bristol Eliminating Substance Use Together

BEST is a Drug-Free Community Coalition that began in the early 1990s with a focus on reducing youth substance misuse in the Bristol community. BEST works to unify the community and promote wellness through increasing education, implementing strategies, and enforcing policy to prevent substance misuse by youth and those who impact their development. BEST hopes to develop a culture of awareness and sustained action that will promote positive youth development and a healthier Bristol community.

Community Coalition

The Community Coalition looks to develop a culture of awareness and sustained action that will promote positive youth development and a healthier community. Together we can create change by promoting wellness through increased education, implementing strategies that show ways to have fun without using substances and enforce polities in the hopes of preventing youth substance misuse. The Community Coalition also has a virtual component for those who are unable to join in person. All Bristol residents and employees above the age of 18 are encouraged to join. Meets the 2nd Thursday of the month. To get involved or learn more, please contact the Youth and Community Services Supervisor, Stephen Bynum, at StephenBynum@bristolct.gov or (860) 314 - 4690.

Specialized Swim Lessons

Please note: Registration for Specialized Swim Lessons will open on Monday, January 23rd for Residents and Tuesday, January 24th for Non-Residents, to accommodate for level recommendations.

This class is designed to accommodate individuals with special needs or circumstances. The instructor will work with the student to accomplish individual goals. For more information on participant eligibility, contact our front desk staff. This class runs once a week for 8 weeks on Saturdays or Sundays following the same schedule as the Learn to Swim program. Please note that we do the best that we can to take on as many students as possible. However, space is very limited and participation in one session does not automatically guarantee space in the next session.

Aquatics for Arthritis

Now offering programs through the American Arthritis Foundation taught by our certified Arthritis Foundation Program Leader. The Arthritis Foundation Aquatic Program (AFAP) is a community-based, group program that uses a variety of water-based exercises to increase physical activity among adults with arthritis. Leaders are trained to teach community, aquatics-based group exercise classes designed specifically for individuals with arthritis, related rheumatic diseases, or musculoskeletal conditions.

Aquatics for Arthritis: Fountain of Youth

This 45-minute class focuses on exercises approved by the Arthritis Foundation including walking, gentle stretching, flexing, extension and range-of-motion. Exercises are done in shallow water and focus on activities of daily living, moving a joint through your range of motion and holding it to feel a gentle stretch in the muscle.

AQUATICS

Aqua Aerobics

Aqua aerobics classes provide a workout utilizing the natural resistance of water in an effort to improve cardiovascular fitness, muscular strength, endurance, and balance. Aqua Aerobics is an excellent way to meet your fitness goals with less impact on joints.

Aqua Aerobics: Low Intensity

Low-impact classes are performed in shallow water and designed to improve joint stability, coordination, heart health, and strength. The class will incorporate cardio and strength, using water dumbbells and flotation belts. This class is perfect for beginners, those recovering from injuries, or anyone looking for low-impact options. Exercises are performed to lively, motivating music and are effective and easy to follow.
